Gentlemen:

I should like to share
with both of you the attach-
ment. It is certainly self-
explanatory.

STATINTL
1. I have attached for your reading a note from Charlie Bohrer to me.

2. While it would appear that the idea put forward by [redacted] will die aborning, I would like you to know my position on it. This Agency, on both an absolute and a comparative basis, has probably the best pre-retirement program of any Agency in town. It receives compliments from all directions and I am not aware of any particular criticism. If there were to be a decision to pursue [redacted] proposal--which I must be frank to say I consider rather self-serving on his part--I would wish to have serious discussions with you on the matter.

Jack:
 Please don't blame John [redacted]. It was a suggestion I made to him - not his to me. Frankly, it is just another case of my own ignorance. No one had ever talked about out-placement with me, and I was under the impression that we had no facilities for same. When [redacted] was free for several months in his Senior Review Officer role, I asked him to look into out-placement. He has done two fine papers for me, both of which reflect just what you said in your note. I suppose the reason the out-placement word never gets to the DDO officer is either that he never asks or that none of his friends ever seem to have been involved in it.

Hard to say.

Thanks very much for your note.

MEMORANDUM FOR: Deputy Director for Administration
FROM : Charles A. Bohrer, M. D.
Director of Medical Services
STATINTL SUBJECT : Proposal for Retirement Counselling by
[redacted] for DD/O Retirees

STATINTL As I mentioned today at this Morning's Meeting, Dr. [redacted]
STATINTL advised me on 10 November of a recent conversation
with Mr. [redacted] of the DD/O. Mr. [redacted] stated that STATINTL
he was interested in learning what the Agency did cur-
rently in terms of counselling for people who were about
to retire. He had been charged for the DD/O to look into
this because Mr. [redacted] a DD/O retiree, had made a
proposal for contractual relationship between the DD/O
and Mr. [redacted]. This proposal would serve to have Mr. [redacted] STATINTL
provide DD/O operations officers, who are about to retire, STATINTL
with counselling service. Mr. [redacted] indicated to Dr. [redacted] STATINTL
that after his discussion with [redacted] he would probably
recommend against Mr. [redacted] proposal being accepted by the
DD/O since the Agency already had adequate facilities.

CHARLES A. BOHRER, M.D.
